Approval of the recommended actions will find the proposed North County Trail-Placerita Canyon Improvement Project (Project) categorically exempt from the California Environmental Quality Act (CEQA) and allow the Department of Parks and Recreation (Department) to complete the proposed Project using a Board-approved Job Order Contract (JOC).

The proposed Project will consist of general improvements to the Walker Ranch Trailhead access point, located on Placerita Canyon Road, one mile east of Placerita Canyon Natural Area. The general improvements will include regrading of the surface road; restoration of the roadway shoulders; replacement of picnic tables, hitching rails, and split rail fencing.

The proposed Project will be administered by Department staff and a Board-approved JOC will perform the improvements.

Approval of the Youth Employment Plan (Attachment II) is required to comply with the County of Los Angeles Regional Park and Open Space District's (District) Youth Employment Policy, will authorize at-risk youth to perform brush clearance, grading, and general clean-up.

### **Implementation of Strategic Plan Goals**

The recommendations support the Board approved County Strategic Plan Goals of Operational Effectiveness (Goal 1-) by improving and restoring trail amenities to enhance recreational opportunities that benefit County residents.

### **Green Building/Sustainable Design Program**

The proposed Project will support the Board's Green Building/Sustainable Design Program by reducing maintenance and repairs. The road improvements will include regrading and adding gravel, which will stabilize the road surface to minimize damage to the road from washout. Additional Green design elements will be incorporated into the proposed Project wherever feasible.

### **FISCAL IMPACT/FINANCING**

The total proposed Project cost, including construction, miscellaneous expenditures, and County services, is estimated at \$98,000 which is funded with Safe Neighborhood Parks Propositions of 1992 and 1996 Proposition A (Proposition A) funds. Sufficient appropriation is available in the Capital Projects/Refurbishments Budget to fund the proposed Project. The Project Schedule and Budget Summary are included in Attachment I.

### **Operating Budget Impact**

Based on the proposed Project description, the Department anticipates one-time costs of approximately \$1,000 for maintenance equipment; and ongoing costs of approximately \$5,000 for maintenance supplies and gear. The proposed Project provisions have maintenance requirements that will be fulfilled with existing Department staff and resources.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On June 26, 1997, the Board, acting as the governing body of the District, adopted a Youth Employment Policy for projects funded by Proposition A. The District's Policy requires that the governing body of the grantee adopt a Youth Employment Policy for each Proposition A funded projects at a duly noticed public meeting.

### **ENVIRONMENTAL DOCUMENTATION**

The proposed Project is categorically exempt from CEQA. The proposed Project consists of re-grading of the surface road; cutting and re-compaction of the roadway shoulders; replacement of picnic tables, hitching rails, and split rail fencing; and, therefore, is within certain classes of projects that have been determined not to have a significant effect on the environment in that it meets criteria set forth in Sections 15301(c) and (d), 15302, and 15304(a) and (c) of the State CEQA Guidelines and Classes 1, 2, and 4 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G. The proposed Project includes no expansion of an existing use, structures replaced will be located on the same site as existing structures and will have the same purpose and capacity, and the proposed Project will not involve the removal of healthy, mature trees. Additionally, the proposed Project is not in a sensitive environment, and there are no cumulative impacts, unusual circumstances, or other limiting factors that would make the exemption inapplicable based on the proposed Project records.
